PROJECTS

Guess The Word Game	HTML5, CSS, JS, Flexbox, APIs
SkillCrush Coding Bootcamp	project link: Guess The Word Game
<ul style="list-style-type: none">- Created a fun guess word game where the word is shown as a circle symbol on the screen. If you guessed the correct letter the circle will replace by the word. If you entered the wrong letter, it would update the remaining guesses and a message will be shown on the screen. After finishing all remaining guesses, the word will be revealed.	
GitHub Repo Gallery	HTML5, CSS, JS, Flexbox, APIs
SkillCrush Coding Bootcamp	project link: GitHub Repo Gallery
<ul style="list-style-type: none">- GitHub repo gallery will use the github API to pull data from github account to populate name, bio, location, and the number of public repos. Users will be able to use dynamic search functionality to search a particular repo and they can click on it to see more information and can click a link to see the repo on github	
Personal Portfolio	HTML5, CSS, JS, JQurey, BootStrap
SkillCrush Coding Bootcamp	project link: personal portfolio
<ul style="list-style-type: none">- Created responsive personal website to share my skills and experiences. Showcased the projects I have made and my learning curve.
